Cloud Computing
With Microsoft Azure

Cloud Computing With Microsoft Azure

Duration

1

Month

Unlock the potential of the cloud with our Cloud Computing with Microsoft Azure course. This comprehensive program is designed to equip you with the skills and knowledge necessary to navigate and leverage the powerful capabilities of Microsoft Azure. Through hands-on labs and real-world scenarios, you'll learn to design, deploy, and manage scalable cloud solutions that drive innovation and efficiency. Key topics include Azure architecture, virtual machines, networking, storage solutions, and security. You'll also delve into advanced concepts such as Azure administration tracking, Azure active directory, Azure disaster recovery management, VNet etc. This course is ideal for IT professionals, developers, and system administrators looking to enhance their cloud expertise and advance their careers in cloud computing.

Course Curriculum

- ✓ VIRTUALIZATION
- ✓ Introduction to Cloud Computing
